PROJECTS

Insta Clone

A clone of instagram web app built with MERN stack. Allows users

To post, follow, unfollow, comment, like, explore etc.

Flash Chat

Flash Chat is a web app built with Reactjs and socket-io

Which offers users to create or join the custom rooms in which

They can talk seamlessly with their friends.

Movies Cite

Movies Cite is a cross platform app build with the help of

Tmdb Api. Users get all the infos about upcoming movies,

Tv series etc. Utilized Flutter for this Project.

Covid-19 Tracker

A cross platform App build with Flutter to track Covid-19

Cases Globally. This App has a separate tab for Indian users

to get more insights about cases in Indian states.
